

# Host Families

Parque Rodó, Montevideo  
Tel: (00598) (2) 409 7894

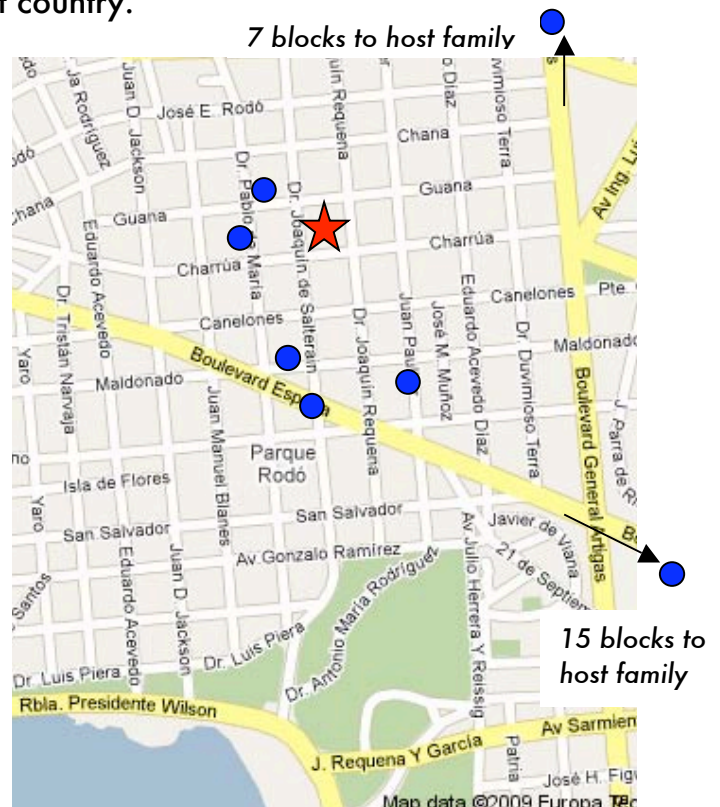

The majority of our host families live within a radius of 5 blocks of the school, and those further away are easy to reach by walking (about half an hour) or on the bus. Living with a local family is the perfect way to accelerate your learning as you will be able to practice Spanish with the family outside of class. You will also get to know the culture and traditions of Uruguay through sharing everyday life with local people. You will share two meals a day with the family (breakfast and lunch), and you can arrange to spend time with them in the afternoons and at the weekend.

Above: The host families always give their guests a warm welcome and enjoy the opportunity to share Uruguayan life and culture with someone from a different country.

Right: This map shows the location of the school in relation to the host families.

● host families

Over the page: The next map shows our neighbourhood in relation to important places for tourism and transport.

the Old City (most of the museums are in this area)

main bus terminal

football stadium

The promenade runs 12km along the riverfront

Parque Rodó offers live music, a market and a funfair

Pocitos has a lot of restaurants and bars

**Some typical rooms in our host families' homes.**

Single, double and twin rooms are all available. All the families have a shared living or dining room where you are welcome to relax, study, and chat to your hosts and their family or friends who may visit.
