One of the greatest attractions of River Plate culture is the tango: its music, its history, its art, but above all the dance, a synonym for passion, seduction, feeling and sensuality. There is no better way to explore all this than by learning tango techniques and choreography and spending time in Montevideo's tango community.

Andrea, pictured here with her dance partner Rodrigo, is a professional dancer and tango teacher who brings the dance alive with her energy and affection for the tango. She has years of experience of teaching tango at all levels to students from around the world.

Montevideo's tango bars and dance halls are the perfect places to absorb the tango's unique atmosphere, meet important members of tango society, watch expert dancers, enjoy live music, and dance the night away to the authentic sound of the dance of passion.

Uruguay is the perfect place to relax, learn, and experience authentic tango culture!
